

Mayhem is a unique event combining 11 extreme challenges and competitions during one weekend, 29th and 30th of April, in one location: Ylläs Ski resort (Finland).

When 29th & 30th of April / 10.00-18.00

Where Lapland Hotels Ski Resort YLLÄS SKI ÄKÄSLOMPOLO - Tunturintie 56, FI-95970 Kolari

After-Party Live Music @ Lapland Hotel Äkäshotel - Friday 29.4 & Saturday 30.4: 22.00 – 03.30

Motorsports

Mayhem combines a Snowmobile HillClimb, a Motocross HillClimb and **1st FSX Nordic Championship**

Also, snowmobile constructors decided to join forces to give you the chance to test drive many of their 2018 sleds. All in one place, one weekend: Mayhem @Ylläs

Snowmobile HillClimb

A race to the top where short curves and jumps challenge their machine and driving skills.

Motocross HillClimb

A race to the top where only the best succeed

1st FSX Nordic Championship

The best Freestyle Snowmobile riders from Scandinavia will perform tricks out of a super-kicker, flying 21 m long and up to 11m high!

Format

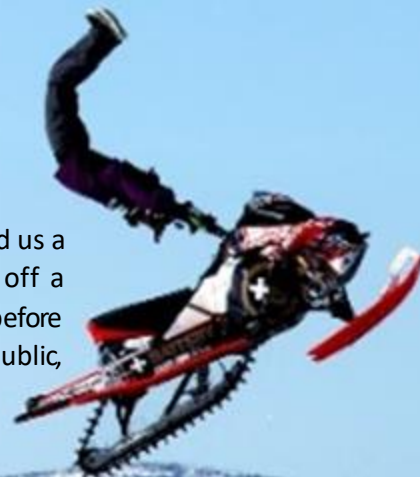

- 2 Super-kickers with 20-21m gap
- 75 seconds per rider
- For riders with Swedish, Norwegian or Finnish license
- Under Suomen Moottoriliitto and the International Motorsports Federation regulations

Competition format

- Pre-qualifications via videos
- Qualifications on Saturday 29.4
- Final on Sunday 30.4

Pre-qualifications

For safety reason, each rider who wish to enter the competition needs to send us a presentation video. The video must show a minimum of 3 jumps performed off a super-kicker with 20-21m gap and should be uploaded via www.mayhem.fi before March 31st. The rider can also mention his name, nationality, a message to the public, etc.

Banked Slalom XL for Ski, Snowboard & FatBike

A race from the top where high berms keep the riders on track even at the highest speed.

Banked slaloms have been popular for a while now and Mayhem needed to propose its own version. A unique banked slalom will be built but with higher and longer curves, permitting skiers, snowboarders and FatBike riders to reach high speed and vertical turns. Sensations guaranteed!

The track will now be available for the FatBike many weeks before the event and be reachable by ski lifts to become the highest winter FatBike downhill track in Finland. This should guarantee higher competition level!

Freestyle ski & Freestyle Snowboard

Athletes of all age (from 5 to 33 years old in 2016) compete in a fun atmosphere. The Advanced level snowpark is built especially for the event. The judges focus more on the creativity and execution than the difficulty of the trick.

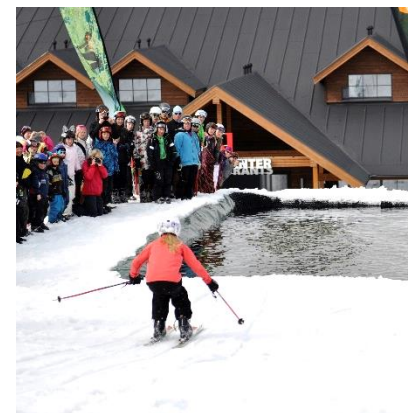

Cross-country HillClimb

A race to the top for skiers to test their skills and training in what is probably their last and longest ascension of the season.

The legendary swimming pool crossing

For over 10 years, people waited it all season. It was the time to show their best costumes and skills in a fun and summery challenge.

To welcome new challenges, the pool had not been built for two winters now and everyone is waiting for its come back, especially those finally in age to try it. This year the legendary swimming pool crossing is back in a new configuration!

Pimp My Pulkka

An artistic, make-it-yourself and team-building challenge where family, companies and friends will compete to propose their best looking and fastest self-made sled.

MAYHEM 3rd edition

In 2015 Mayhem was created by passion to unite people with new sports, experiences and challenges. It all started in the beautiful Lapland resort Ylläs by combining Freestyle ski & snowboard, snowmobile HillClimb and a snowmobile freestyle show with live music.

In 2016, X-country ski, FatBike and motocross were added to reach broader audience. Also, world know Stunt Freaks Team joined the show with crowd pleasing stunts on and of the slopes. Mayhem 2016 counted +/- 90 athletes, from 5 to 60 years old, and over **2.000 visitors** during the day.

Mayhem 2017 event now grow in to a two days' event held on **29th and 30th of April** and smaller editions are arranged in Olos and Luosto to welcome more challenges and reach a wider audience.
